<b>Vision for ISNACC</b>	
Based on the nominated position (No more than 100 words)	
<ol style="list-style-type: none"> <li>1. We actively promote education through initiatives such as webinars, including case presentations, journal clubs, and more, to enrich learning and professional development.</li> <li>2. We encourage and support institutions to organize specialized workshops on topics like TCD, IONM, ANC etc.</li> </ol>	

3. By motivating members to contribute high-quality research articles, we aim to elevate the journal's impact factor.
4. We prioritize collaborative research, the development of guidelines, and advisory statements to enhance Neuroanesthesia practices in this region.
5. We encourage young professionals to think creatively, engage in groundbreaking research, and pursue innovative solutions in the field.
6. By providing moral and financial support, we inspire young members to represent ISNACC on international platforms, strengthening their global presence.
7. We foster leadership among senior members, encouraging them to guide, mentor, and contribute to the long-term growth of the society.
8. We aim to create an ISNACC registry of adverse events observed during clinical practice, fostering awareness and improving patient safety.
